

Privacy and GIS

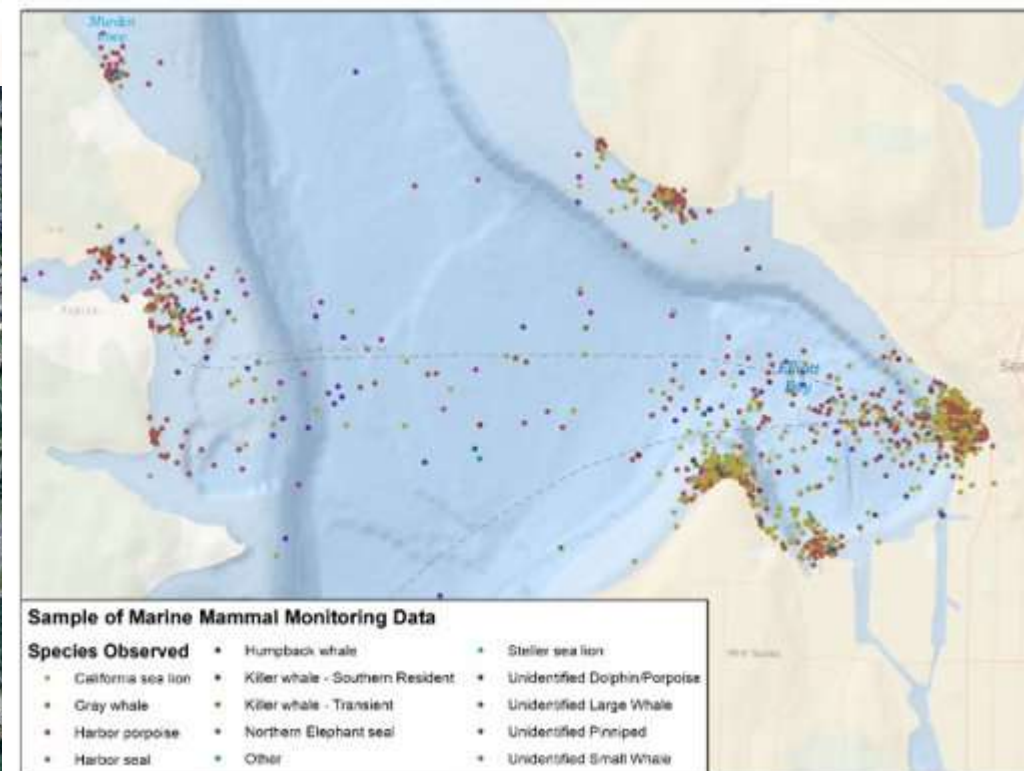

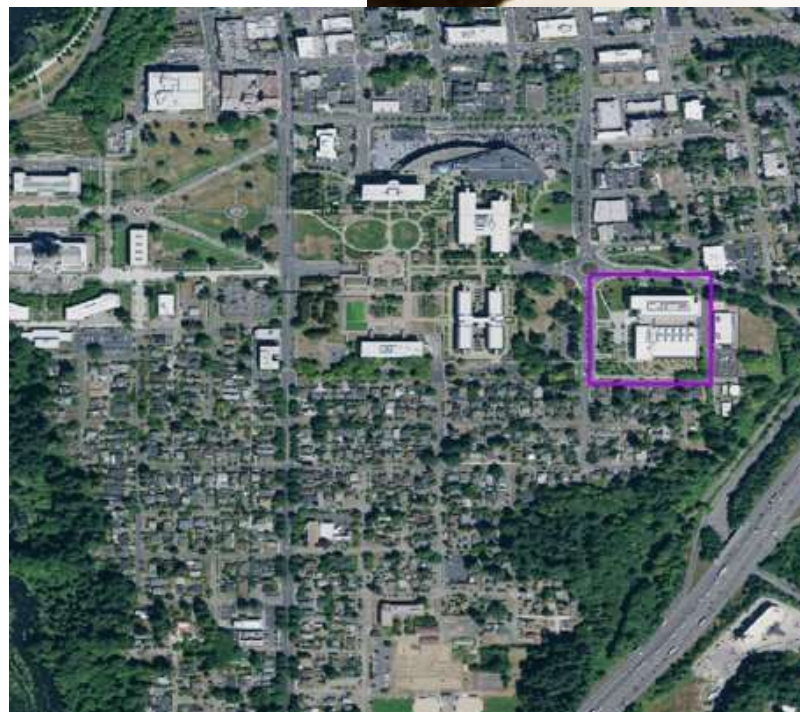

Mission:

The mission for the WaTech Geospatial Program is to ensure that all agencies can use and access geographic information when making business decisions.

What is GIS?

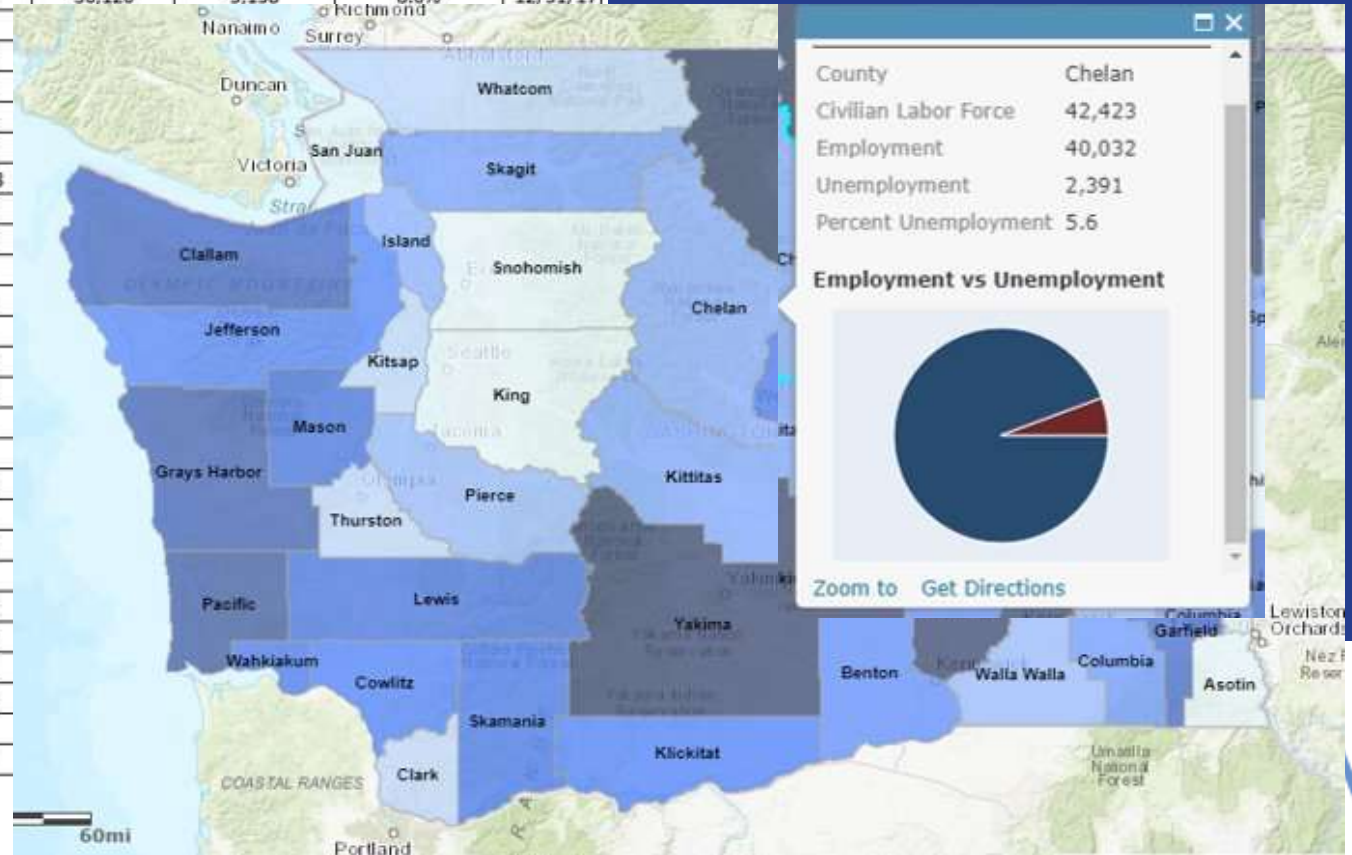

What does GIS look like?

Adding geographic perspective to what we already have

OUTCOMES FOR RESIDENTS

WaTech GEOSPATIAL PROGRAM

Centralizing and integrating
with other IT systems to
improve decision making.

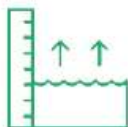

We coordinate with
Local Government
State Government
Federal Government
Tribal Government

GEOPORTAL.COM

Providing one source of
geospatial data.

Better protection for
sensitive plant and
animal habitats.

Climate resiliency of
where sea level rise is
expected.

Enhanced economic
recovery following
natural disasters due to
better location of
insurance coverage.

Improved EV charging
stations placements.

WAMAS

Consistent Addressing
Across state agencies.

Internet connectivity
is supplied to places
that need it, by
evaluating
broadband access.

Residents are able to
be matched with
their legislative
